Preface

In response to requests by the library community and the Depository Library Council to the Public Printer, the Assistant Public Printer (Superintendent of Documents) in the summer of 1974 directed the Library Division to join the Ohio College Library Center's on-line cataloging network, convert to the MARC format, and catalog according to Anglo-American cataloging rules (AACR).

The *Monthly Catalog* uses AACR 2 description and name headings. Subjects are derived from *Library of Congress Subject Headings* 9th edition and its supplements. The catalog consists of text and seven indexes—author, title, subject, series/report number, contract number, stock number and title keyword.

The Government Printing Office considers the *Monthly Catalog* to be an evolving publication. Its scope and timeliness will continue to be of prime importance.

LIST OF GOVERNMENT AUTHORS

The alphabetical list in the preliminary pages locates the catalog sequence of documents issued by a specific agency. This list is compiled each month and includes only Government authors of documents received and cataloged during that time span.

INDEXES

Entries in the Monthly Catalog are indexed for access by author, title, subject, and series/report:

Author index: An alphabetical list of personal authors, editors, co-authors, corporate authors, and conferences.

Title index: An alphabetical list of titles, series titles, and sub- or alternate titles.

Subject index: An alphabetical list of subjects derived from Library of Congress Subject Headings.

Series/report index: An alphabetical list of report numbers and series statements.

Contract number index: An alpha-numeric list of contract, grant and project numbers associated with technical report publications.

Stock number index: A numerical list of Superintendent of Documents stock numbers.

Title keyword index: An alphabetical list of important words selected from information in the title fields.

A margin index on the back cover locates the seven listings. Cumulative indexes are published semi-annually and annually. Titles in all indexes are followed by the text entry number where more detailed information is available.

MONTHLY CATALOG ENTRY NO.—The entry number is assigned after the records are arranged alphanumerically by the Superintendent of Documents classification number. The first two digits establish the year; the last four digits locate the record in the Catalog.

MAIN ENTRY—A main entry may be a personal author, a corporate author, a conference, uniform title, or the document title, as established by the Anglo-American Cataloging Rules.

TITLE PHRASE/STATEMENT OF RESPONSIBILITY—Title phrase and author statement are recorded from the title page or its substitute. Material in brackets is supplied from other sources.

IMPRINT—The imprint contains place of publication, issuing agency, and date of issue. Includes name of distributor if different from issuing agency.

COLLATION—Collation notes pages, illustrations, and size.

SUBJECT HEADINGS (Arabic numerals)—Headings are selected from Library of Congress subject headings. Some NAL and NLM subjects may be used. NLM subjects will be indicated by an asterisk (*). NAL subjects will be indicated by a dagger (†).

LIBRARY OF CONGRESS CLASS NO.—This is given when it is available from the Library of Congress.

DEWEY CLASS NO.—Dewey class is given when it is available from the Library of Congress.

GENERAL INFORMATION

The Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, is authorized by law to sell copies of government publications. The Superintendent of Documents currently sells 17,000 titles, which are only a small portion of the publications that have been issued by the Federal Government. Not every title that is listed in the *Monthly Catalog* is sold by GPO.

The prices of all U.S. Government publications sold by the Superintendent of Documents are established by the Public Printer in accordance with Title 44 of the *United States Code.* Prices are subject to change *without notice.* The prices charged on your order will be those in effect at the time your order is processed, with the exception of prices quoted from the GPO order desk. (A telephone quote number will be provided at that time which guarantees the price for 90 days.) As it is not feasible to manually correct the prices in the publications affected by price changes, the prices charged on your order may differ from those printed in the publications and in the *Monthly Catalog.*

THE GPO PUBLICATIONS REFERENCE FILE

The *GPO Sales Publications Reference File* (PRF) is a 48x microfiche catalog of publications sold by the Superintendent of Documents. The PRF is issued on a bi-monthly subscription basis and lists all publications and subscription services currently for sale by the Superintendent of Documents. Forthcoming sales items and items that have been out-of-print—GPO for up to two years are also included in the PRF.

Each PRF issue consists of approximately 300 microfiche and is sent to subscribers and depository libraries six times a year in January, March, May, July, September, and November. Monthly supplements to the PRF, entitled *GPO New Sales Publications,* consist of one or two microfiche. Each supplement lists all new publications added to the active sales inventory during the preceding month.

The PRF is arranged in three sequences:

1. By Government Printing Office stock numbers
2. By Superintendent of Documents classification numbers
3. By alphabetical arrangement of subjects, titles, agency series and report numbers, keywords and phrases, and individual authors.

The PRF may be purchased as a subscription service, or by single issue.

THE OUT-OF-PRINT GPO PUBLICATIONS REFERENCE FILE (OUT-OF-PRINT GPO PRF)

The Out-of-Print GPO PRF provides in-house users and subscribers with access to historical records of out-of-print publications. This research tool is useful in tracing the history of sales titles and in identifying old titles once part of the Sales Program.

Records for this microfiche product are generated at the beginning of each calendar year when several thousand GPO titles are deleted from the active file of the PRF and are issued as a sales item. Records in the Out-of-Print PRF include titles that have been unavailable for sale for 12 months or more.

The first issue of the Out-of-Print PRF sold to subscribers was made available in 1980 as the *Exhausted GPO Publications Reference File* (EPRF). The title of this issue reflected the stock status "exhausted" and included over 25,000 titles arranged in alphabetical sequence. The second issue for 1982 was later superseded by a cumulation for the years 1981 and 1982. The total number of records up to the present time is approximately 40,000.

Beginning with the 1983 issue, the title will be changed to reflect the new status, "out-of-print". This new issue will supplement those of 1980 and 1981–1982.

Copies of out of print publications listed on the EPRF and Out-of-Print GPO PRF can be found in regional Federal depository library collections. Copies of certain technical publications no longer sold by the Superintendent of Documents may usually be obtained by writing to:

National Technical Information Service
5285 Port Royal Road
Springfield, VA 22161

SUBJECT BIBLIOGRAPHIES AND INDEX

At present the Superintendent of Documents does not publish a complete hard copy listing of all titles that are for sale. Most of the available titles appear in the more than 250 subject bibliographies that are prepared by this Office. The subject bibliographies list publications and subscriptions on a single subject, or on a specific field of interest. Each entry is listed by title, GPO stock number, and price. The bibliographies also provide a brief description of some of the publications and subscriptions listed, and ordering information. The Superintendent of Documents has also prepared a Subject Bibliography Index to assist customers in selecting the subject bibliography that most closely relates to their needs. Prices of publications listed in the subject bibliographies are subject to change without notice.

The Subject Bibliography Index and the subject bibliographies are free and may be obtained by writing to:

GOVERNMENT PERIODICALS AND SUBSCRIPTION SERVICES, PRICE LIST 36

Government Periodicals and Subscription Services, Price List 36 is a free catalog available upon request from the Superintendent of Documents. This catalog lists over 500 subscription services that are published by more than 40 Federal agencies and sold by the Superintendent of Documents. Each issue also lists the changes in subscription services that have occurred since the last edition of *Price List 36* was published. These revisions include new subscription services, subscriptions that have been discontinued, changes in subscription titles and the latest prices. All changes are listed under "General Information" in the preliminary pages. A subscription order form and ordering information are provided on the last two pages. Retention information (the number of available back issues retained for single copy sale) is included in the text entries of *Price List 36* following the single copy price. *Price List 36* is revised and issued quarterly (Winter, Spring, Summer and Fall). Prices of all subscription services are subject to change without advance notice. To obtain a copy of *Price List 36*, write to:

CONSUMER INFORMATION CATALOG

The Consumer Information Center was established in 1970 by presidential order to increase public awareness of consumer information released by Federal agencies. A catalog of consumer publications, published four times a year by the Center, lists booklets from nearly 30 agencies of the Federal Government. Approximately 40% of these publications are free upon request. *A $1.00 user fee is charged for orders of more than one free item.*

The Consumer Information Center does not maintain a mailing list for individual copies of the *Consumer Information Catalog.* However, the Center does maintain a bulk mailing list for educators, libraries, consumer and non-profit groups who wish to receive 25 or more copies of the catalog quarterly. A Spanish-language edition of the catalog is also available, by individual copy or by bulk. To obtain a copy of the catalog or an application to be placed on the bulk list, write to:

Consumer Information Center
Pueblo, Colorado 81009

U.S. GOVERNMENT BOOKS

This illustrated catalog provides annotations of nearly 1,000 of the Government's best-selling publications and subscriptions. The catalog is revised quarterly with most entries carried over. Single copies of the catalog are available free of charge and may be obtained by writing to:

NEW CATALOG
Superintendent of Documents
Washington, D.C. 20402

NEW BOOKS

New Books is a bi-monthly listing of all the new sales publications received by the Superintendent of Documents within the intervening two month period. *New Books* is designed primarily for use by people in professional and technical fields, announcing publication information in a timely manner. To be placed on the free mailing list to receive *New Books,* write:

DIALORDER

Information on U.S. Government Printing Office sales items, as well as all subject bibliographies and catalogs, listed on the *Publications Reference File,* can be found through the Lockheed DIALOG system. DIALOG is a computerized reference system available from the Lockheed DIALOG Retrieval Service of Palo Alto, California, and the U.S. Government Printing Office is one of the over 190 data bases that can be accessed by this system. DIALOG subscribers can search any of these data bases by using their own terminal, and take advantage of computerized research methods.

An additional service, called DIALORDER, is available for a slightly higher fee. Subscribers to DIALORDER can place an order with the U.S. Government Printing Office directly by computer, however there are special charges for this service. Customers requesting information on DIALOG/DIALORDER should contact:

Lockheed DIALOG Information Retrieval Service
3460 Hill Avenue
Palo Alto, California 94304

Telephone: 800-227-1960 (In the U.S., except California)
800-982-5838 (In California)

STANDING ORDER SERVICE

Certain publications or series of publications that are published annually are now available on a standing order basis. Customers who wish to use this service must maintain a Superintendent of Documents deposit account, or a VISA or MasterCard account. Under the standing order service, customers will be placed on a specific standing order list upon request and will receive publications associated with the list as they become available. GPO mails these publications to customers and charges their accounts. If funds are not available at the time of shipment, the customer is notified that no shipment will be made. Subscription services are not offered on a standing order basis. To receive a publication on standing order, customers must submit GPO Form 3468, "Authorization for Standing Order Service". This form and a list of standing order titles are available free of charge from the Superintendent of Documents. For more information on standing orders, write:

CONGRESSIONAL PUBLICATIONS

The following Congressional materials are available from the Superintendent of Documents on a subscription basis: House and Senate Hearings, Public Bills, Reports on Public Bills, Private Bills, Reports on Private Bills, House and Senate Documents, Private Laws, Public Laws.

In most cases, single copies of these publications are not sold. Items which are not available for sale, may be obtained from the House and Senate Documents Rooms at the U.S. Capitol, Washington, D.C. 20515 (House) and 20510 (Senate) or from the issuing congressional committee. Sales items, including some committee prints, are identified with price and stock number in the individual entries in the *Monthly Catalog*. Prices on sales items are subject to change without notice. Current price information is available from the Superintendent of Documents.

FEDERAL DEPOSITORY LIBRARY PROGRAM

To help fulfill its responsibility to inform the public on the policies and programs of the Federal Government, Congress has established the Depository Library Program. Chapter 19 of title 44 of the *U.S. Code* is the authority for the establishment and operation of the depository program. Under this program, Government publications are made available to designated depository libraries. In order to provide the general public with greater access to Government publications, these libraries are located in each State and congressional district. There are currently over 1,350 depository libraries. Of this number, 50 have been designated as regional depositories. The regional libraries assume the responsibility of retaining depository material permanently and of providing inter-library loan and reference service in their regions. They also assist selective depository libraries with the disposal of unwanted material. Copies of documents no longer available through the GPO Sales Program can usually be found in regional Federal depository library collections. See the following page for a list of regional Federal depository libraries. To obtain a complete list of the depository libraries, write to:

Superintendent of Documents
U.S. Government Printing Office
Washington, D.C. 20402

SEND NO CHECKS OR ORDERS TO THESE LIBRARIES. **SEND NO CHECKS OR ORDERS TO THESE LIBRARIES.**

FEDERAL DEPOSITORY LIBRARY PROGRAM

The Federal Depository Library Program provides Government publications to designated libraries throughout the United States. The Regional Depository Libraries listed below receive and retain at least one copy of nearly every Federal Government publication, either in printed or microfilm form for use by the general public. These libraries provide reference services and inter-library loans; however, they are *not* sales outlets. You may wish to ask your local library to contact a Regional Depository to help you locate specific publications, or you may contact the Regional Depository yourself.

HOW TO ORDER PUBLICATIONS

AVAILABILITY OF PUBLICATIONS

Unless otherwise indicated, publications listed in this catalog are distributed by the issuing office which appears immediately before the publication date in each entry. Publications that are sold by GPO are indicated by a "For sale by the Supt. of Docs." statement in the text entries. The GPO stock number (S/N) and the price of the publication at the time the publication was listed in the *Monthly Catalog* are included in the entry under the item number. (See the sample entry on page V.) Entries for publications that are sold by the National Technical Information Service include a statement to that effect. Additional information necessary for procuring documents appears above or within the text entries. *Do not* use the Library of Congress card number in ordering publications.

ORDERING DOCUMENTS FROM THE GOVERNMENT PRINTING OFFICE

A. General Information

1. Publications that are sold by the Superintendent of Documents may be ordered directly from the Office of the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402.
2. Customers may submit orders for publications (please use GPO stock numbers and titles) on the order form found in the front of the catalog. Additional order forms are available from the Superintendent of Documents by requesting stock number 021-000-34309-9 and the quantity required. There is no charge for ordering these forms.
3. Customers requesting subscription services, or single issues of a subscription service, should refer to the *Serials Supplement* or to *Government Periodicals and Subscription Services, Price List 36.*
4. Customers may order by phone. The order desk is open from 8:00 A.M. to 4:00 P.M. Monday through Friday, and will accept orders charged to a Superintendent of Documents Deposit Account or to a VISA/MasterCard Account. The order desk phone number is *202-783-3238.*
5. Customers with teletype equipment can also charge orders to a deposit account or credit card account by dialing the GPO TWX #710 822-9413; ANSWER BACK USGPO WSH.
6. Customers on the DIALOG system may transfer their orders via DIALORD.

B. Ordering Publications

1. Order publications by GPO stock number whenever possible. The stock number format is 000-000-00000-0. Include the complete title for each publication requested.
2. If a GPO stock number does not appear in a *Monthly Catalog* text entry, that means that the publication is *not sold* by the Government Printing Office and cannot be ordered from the Superintendent of Documents.
3. Stock number, current price, and information regarding stock status is available from the order desk in Washington, D.C. (202-783-3238, a non-FTS commercial number.)
4. Congressional documents and reports that are sold by GPO should be ordered by the stock number and title together with the document or report number and the session of Congress, e.g., Y 1.1/7:96-1. (House document—96th Congress, 1st session; no. 1.)

5. Please indicate clearly on your order if you want the previous edition of a particular publication and not the newer edition. If you want the latest edition of a publication, indicate this also.
6. A 25 percent price discount is allowed for purchases of 100 or more copies of a single publication that are mailed to one address. Bookdealers buying for the purpose of resale will receive the same 25 percent discount, regardless of quantity, if the publications are mailed to their place of business. No discount is allowed when the publications are mailed to a third party unless the order is for 100 or more copies of a single publication. Also no discount is allowed on several periodicals or groups of publications which fall into a special pricing category.

C. How to Remit

Checks

1. All remittances for GPO sales documents should be by check or money order made payable to the *Superintendent of Documents.* Please do not send currency or coin.

VISA/MASTERCARD

The Superintendent of Documents is accepting orders to be charged to a valid VISA or MasterCard account. Customers who wish to use one of these services should furnish their credit card number and the date of expiration.

Deposit Account

Customers who make frequent purchases from the Superintendent of Documents will find a deposit account a convenient method for ordering publications and subscriptions.

1. A minimum deposit of $50 is required to open a deposit account. Upon receipt of your remittance by this Office, you will be assigned a unique deposit account number against which you may place future orders. A positive balance must be maintained in your account in order to place future deposit account orders. Requests to open a deposit account should be submitted separately and addressed to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. *Customers should send all deposits to their accounts separately from orders.*

2. *Be sure to include your deposit account number when placing deposit account orders.*

3. You will receive a monthly statement regarding the status of your deposit account provided there has been activity on the account during the previous month. The statement will indicate all charges made against the account during the month and the remaining balance. An account with a positive balance may be closed upon a customer's *written* request.

4. We suggest that deposit account customers maintain a balance sufficient to cover three months' purchases to assure prompt processing of their orders and to avoid the necessity of forwarding frequent deposits.

D. Additional Remittance Information for International Customers

1. Customs and international mailing regulations require special handling of all orders that are mailed outside of the United States. The Superintendent of Documents charges an additional 25 percent of the current domestic selling price of a publication or subscription service to cover the special handling charges. We also require that remittance be made in advance of shipment. We request that all correspondence with this Office be in English.

2. International customers should remit by International Postal Money Order, by a check or money order, in U.S. dollars, from a bank in Canada, the United States or its possessions. (Please note: In accordance with United States Department of the Treasury regulations, we cannot accept checks or money orders drawn on Canadian banks for amounts of less than four U.S. dollars ($4.00). If your order is less than $4.00, we suggest that you use your VISA or MasterCard.) We cannot accept drafts from foreign branches of an American bank. Orders received with postage stamps, International Response Coupons, or foreign currency are not acceptable and will be returned unprocessed.

3. To guarantee the price of a publication for purchase at a future date, customers may request a pro forma invoice. This invoice quotes the title of the publication, its price, and special handling charges. It is valid for 90 days from the date of the quote.

4. Unless otherwise specified by the customer, shipments for international orders will be sent surface mail. Airmail rates for publications vary according to the weight of the shipment and its destination. Airmail rates for individual issues of subscription services remain constant through the term of the service. The Superintendent of Documents recommends that international customers request airmail service for dated periodical subscription services. Information on airmail rates may be obtained by telephone (202-783-3238), telex (TWX #710 822-9413 ANSWER BACK USGPO WSH) or by mail.

REMINDER: Prices of publications are subject to change without notice and the prices charged on your order will be those in effect at the time your order is processed, with the exception of those who have requested a pro forma invoice in advance or have obtained a valid price quote.

Gamma rays — Measurement.
Measurements of gamma-ray dose from a moderated 252Cf source /, 84-19975

Gamma rays — Scattering.
The development of a gamma-ray scattering densitometer and its application to the measurement of two-phase density distribution in an annular test section /, 84-19985

Gas, Natural — Pennsylvania — Rates.
Federal response to rising natural gas prices in northwestern Pennsylvania : hearing before a subcommittee of the Committee on Government Operations, House of Representatives, Ninety-eighth Congress, second session, February 13, 1984. ., 84-20137

Gas, Natural — United States — Reserves.
U.S. natural gas availability : conventional gas supply through the year 2000., 84-20045

Gas chromatography.
Process gas chromatography study of a Selexol acid gas removal system /, 84-19074

Gas companies — United States — Rates.
Residential conservation service : hearing before the Subcommittee on Energy Conservation and Power of the Committee on Energy and Commerce, House of Representatives, Ninety-eighth Congress, first session, September 26, 1983., 84-20116

Gas manufacture and works — United States — Pilot plants.
Coal gasification/gas cleanup test facility /, 84-19070

Gas-turbines — Blades.
Review and status of heat-transfer technology for internal passages of air-cooled turbine blades /, 84-19699

Gas well drilling — Computer programs.
WELLMAP, a FORTRAN computer program for the generation of maps of specified geographic areas with a variety of well symbols available to depict the current status of given oil and gas drilling, 84-19378

Gas well drilling — Safety measures.
Comprehensive safety recommendations for land-based oil and gas well drilling., 84-19272

Gas wells — United States.
Map showing coal deposits, oil and gas wells and seeps, and tar sandstone occurrences in the basin and range province /, 84-19422

Gases — Cleaning.
Coal gasification/gas cleanup test facility /, 84-19070

Gasoline.
Unleaded gasoline : the only way., 84-19041

Gaussian measures.
Variation of planetary boundary layer dispersion properties with height in unstable conditions /, 84-20033

Gear industry — United States — Statistics.
1982 census of manufactures. Preliminary report. Industry series. Speed changers, drives, and gears (industry 3566)., 84-18598

Geiger-Muller counters — Calibration.
Calibration sources for the G-M counter used with the BNL air sampler /, 84-19978

General aptitude test battery.
The economic benefits of personnel selection using ability tests : a state of the art review including a detailed analysis of the dollar benefit of U.S. employment service placements and a critique of the low-cutoff method of test use., 84-19649

Genetics — Research — Abstracts.
Current cancer research on development and application of in vitro techniques., 84-19223

Geochemical prospecting — Alaska — Petersburg Region — Maps.
Distribution and abundance of detectable gold, arsenic, bismuth, and antimony in the nonmagnetic fraction of heavy-mineral concentrates and in the minus-80-mesh fraction from stream sediments, Petersburg area, southeast Alaska, 84-19402

Geochemical prospecting — Arizona.
Statistical parameters for resource evaluation of geochemical data from the Ajo 1°x 2°quadrangle, Arizona, 84-19462

Geochemical prospecting — California — El Dorado County.
Chemical analyses and statistical summaries for samples of rock, minus-60-mesh (0.25-mm) stream sediment, and nonmagnetic heavy-mineral concentrate, Pyramid Roadless Area, El Dorado County, California, 84-19437

Geochemical prospecting — California — Inyo County.
Geochemical data for samples of rock, stream sediment, and nonmagnetic dense-mineral concentrate in the Andrews Mountain, Mazourka, and Paiute Roadless Areas, Inyo County, California, 84-19398

Geochemical prospecting — Colorado — Clear Creek County.
Geochemical and mineralogical data for altered rocks and soils collected in and near the William Fork and St. Louis Peak Roadless Areas Clear Creek, Grand, and Summit Counties, Colorado, 84-19438

Geochemical prospecting — Colorado — Grand County.
Geochemical and mineralogical data for altered rocks and soils collected in and near the William Fork and St. Louis Peak Roadless Areas Clear Creek, Grand, and Summit Counties, Colorado, 84-19438

Geochemical prospecting — Colorado — Summit County.
Geochemical and mineralogical data for altered rocks and soils collected in and near the William Fork and St. Louis Peak Roadless Areas Clear Creek, Grand, and Summit Counties, Colorado, 84-19438

Geochemical prospecting — Idaho — Blaine County.
Analyses of samples from the Lava Creek mining district, Blaine and Butte Counties, Idaho, 84-19452

Geochemical prospecting — Idaho — Butte County.
Analyses of samples from the Lava Creek mining district, Blaine and Butte Counties, Idaho, 84-19452

Geochemical prospecting — Nevada — Douglas County.
Chemical analyses and statistical summaries for samples of rock, minus-60-mesh (0.25-mm) stream sediment, and nonmagnetic heavy-mineral concentrate, Lincoln Creek Roadless Area, Douglas County, Nevada, 84-19440

Geochemistry — New Mexico.
Analytical results for 26 water samples from southern New Mexico, 84-19471

Geochemistry — New Mexico — Grant County.
Geochemical halos in the Silver City mining region and adjacent areas, Grant County, New Mexico /, 84-19324

Geography — Texas — Fort Hood — Data processing.

Air quality, oil shale, and wilderness : a workshop to identify and protect air quality related values of the Flat Tops /, 84-18466

Oil-shales — Environmental aspects — Colorado — Garfield County.
Revegetating processed oil shale in the upper mountainbrush zone of Colorado /, 84-18387

Oil-shales — Environmental aspects — United States.
Feasibility of using oil shale wastewater for waterfowl wetlands /, 84-19579

Oil-shales — Nevada.
Results of oil-shale investigations in northeastern Nevada, 84-19429

Oil spills — Environmental aspects — North Atlantic Ocean.
An oilspill risk analysis for the North Atlantic (February 1984) lease offering, 84-19426

Oil spills — United States.
Field manual for plunging water jet use in oil spill cleanup /, 84-19056

Oil well drilling — Computer programs.
WELLMAP, a FORTRAN computer program for the generation of maps of specified geographic areas with a variety of well symbols available to depict

the current status of given oil and gas drilling, 84-19378

Oil well drilling — Safety measures.
Comprehensive safety recommendations for land-based oil and gas well drilling., 84-19272

Oil wells — United States.
Map showing coal deposits, oil and gas wells and seeps, and tar sandstone occurrences in the basin and range province /, 84-19422

Oilseeds — Computer programs.
Computer programs to support the world grain, oilseeds, and livestock (GOL) model /, 84-18551

Oklahoma — Climate — Statistics — Periodicals.
Oklahoma monthly local climatological data, 84-18680

Oleoresins.
Chemical stimulation of lightwood in southern pines /, 84-18469

Olive industry and trade — Spain.
Bottled green olives from Spain : determination of the Commission in investigation no. 104-TAA-22 under the Trade Agreements Act of 1979, together with the information obtained in the investigation., 84-19609

Olive industry and trade — United States.

Land sale : seven parcels near Christmas Valley, Oregon., 84-19598

Land sale : three parcels in Douglas County, Oregon /, 84-19599

Oregon Inlet (N.C.)
Functional design of control structures for Oregon Inlet, North Carolina : hydraulic model investigation /, 84-18788

Ores — Alaska — Petersburg Region — Maps.
Distribution and abundance of detectable gold, arsenic, bismuth, and antimony in the nonmagnetic fraction of heavy-mineral concentrates and in the minus-80-mesh fraction from stream sediments, Petersburg area, southeast Alaska, 84-19402

Organizational effectiveness.
A study of organizational effectiveness and its predictors /, 84-18953

Orogeny — Alaska — Brooks Range.
Stratigraphy, structure, and palinspastic synthesis of the western Brooks Range, northwestern Alaska, 84-19475

Osteichthyes, Fossil.
Paleocene Pycnodont fishes from Jabal Umm Himar, Harrat Hadan area, Kingdom of Saudi Arabia /, 84-19405

Outdoor recreation — Arkansas.
De Gray Lake., 84-18794

Outer space — Exploration.
Life sciences investigations in space, 1986-1991., 84-19691

Tethered satellite system., 84-19690

Outer space — Exploration — United States.
Space travel /, 84-18855

P

Pacific Islands (Trust Territory) — Climate — Statistics — Periodicals.
Pacific Islands monthly local climatological data, 84-18682

Packhorse camping — United States.
Horse sense on National Forest pack trips., 84-18371

Pago Pago (American Samoa) — Climate — Statistics — Periodicals.
Pacific Islands monthly local climatological data, 84-18682

Paint.
Stabilization of the solvent methyl-n-amyl ketone (MAK) in vinyl paints /, 84-18798

Paleomagnetism — North America.
Paleomagnetism and suspect terranes of the North American Cordillera, 84-19480

Paleomagnetism — North Carolina.
Paleomagnetic results from seven Middle Paleozoic plutons in the Appalachian Piedmont of North and South Carolina, 84-19497

Paleomagnetism — South Carolina.
Paleomagnetic results from seven Middle Paleozoic plutons in the Appalachian Piedmont of North and South Carolina, 84-19497

Paleontology — California.
Tertiary marine pelecypods of California and Baja California : Propeamussiidae and Pectinidae /, 84-19330

Paleontology — Mexico — Baja California Peninsula.
Tertiary marine pelecypods of California and Baja California : Propeamussiidae and Pectinidae /, 84-19330

Paleontology — Saudi Arabia.
Paleocene Pycnodont fishes from Jabal Umm Himar, Harrat Hadan area, Kingdom of Saudi Arabia /, 84-19405

Paleontology — Tertiary.
Tertiary marine pelecypods of California and Baja California : Propeamussiidae and Pectinidae /, 84-19330

Variation of planetary boundary layer dispersion properties with height in unstable conditions /, 84-20033

Plant cuttings.
Pre-plant soaking of dormant populus hardwood cuttings /, 84-18398

Plants, Effect of air pollution on.
A review and assessment of the effects of pollutant mixtures on vegetation : research recommendations /, 84-19043

Plating — Statistics.
1982 census of manufactures. Preliminary report. Industry series. Plating and polishing (industry 3471)., 84-18590

Platinum group.
Methods for producing platinum-group metal coatings from molten alkali cyanides /, 84-19526

Platinum group — Metallurgy.
Pilot mill flotation of serpentinized platinum-palladium ore from the Stillwater complex /, 84-19524

Platinum ores — Montana.
Pilot mill flotation of serpentinized platinum-palladium ore from the Stillwater complex /, 84-19524

Play — United States.
Characteristics of children's play., 84-18958

Plumbing — Equipment and supplies — Statistics.
1982 census of manufactures. Preliminary report. Industry series. Plumbing fittings and brass goods (industry 3432)., 84-18587

Plutonium.
Plutonium recycle test reactor (PRTR) accident : a final report on the investigation of fission product chemical forms /, 84-20011

Plywood industry — United States.
Economic feasibility of manufacturing COM-PLY floor joists /, 84-18415

Pocket gophers.
Pocket gophers in forest ecosystems /, 84-18451

Poisons — Analysis.
Toxicity testing of chemicals : hearing before the Subcommittee on Toxic Substances and Environmental Oversight of the Committee on Environment and Public Works, United States Senate, Ninety-eighth Congress, second session, April 10, 1984., 84-20163

Poisons — Safety measures.

List of Depository Libraries as of September 1984

Under provision of Title 44 of the United States Code, certain libraries are designated depositories for Government publications. Through them Federal Government documents are made available to residents of every State, District of Columbia, Guam, Puerto Rico, and the Virgin Islands. Distribution to the libraries is made by the Office of the Superintendent of Documents.

It is sometimes impossible to obtain desired publications by purchase from the Superintendent of Documents. Stocks may have been exhausted or the document may be permanently out of print. In these instances the depositories render an invaluable service by keeping such publications permanently available. Every Government publication cannot be consulted at all depository libraries. Designated Regional Depositories are required to receive and retain one copy of all Government publications made available to depository libraries either in printed or microfacsimile form. All other libraries are allowed to select the classes of publications best suited to the interests of their particular clientele.

The following list shows the location, the name of the library, the year the library became a depository, and the administrative control number assigned to each.
